3. Check your email for the verification message that was just sent to you
4. Click the verification link within your email
5. After clicking the link, enter your email and password to sign in
6. Once you’re logged in, you’ll be able to view your water consumption and even set a leak alert

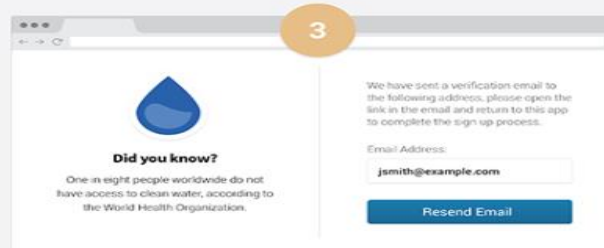

See Your Water Usage  
Follow these simple instructions to see your water usage information online.

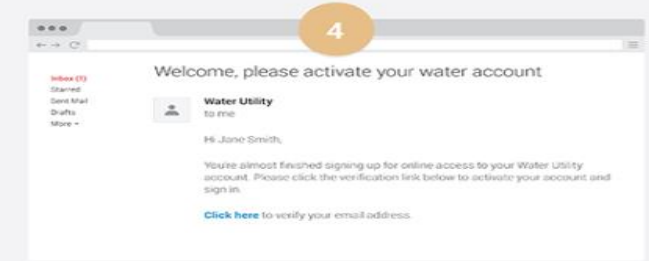

Visit <https://eyeonwater.com/signup> to create your online account. Enter your service or billing ZIP/postal code and your account number.

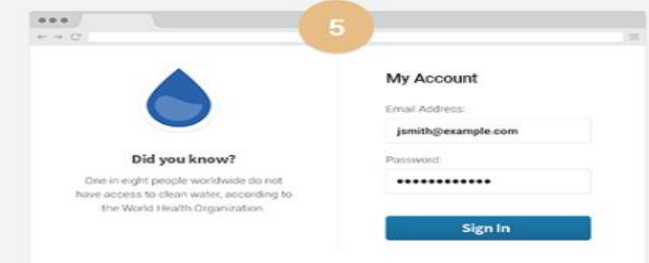

Enter your name and email address. Confirm the address, and then create and confirm a password. Passwords must be 8 to 16 characters long.

Check your email for the verification message that has just been sent.

Click on the link in the email to verify your email address.

After clicking the link in your email, enter your email address and password to sign in.

Once you’re logged in, you’ll be able to view your water consumption and even set a leak alert.
